#### ERUM: enhancing media literacy.

Scientific vulgarisation in mainstream media was discussed by 50 participants during an online conference organised by the ERUM project partners last month. The current events have demonstrated the need for actions also at European level to tackle the spread and impact of online mis- and disinformation. Highlights of the conference were the presentation by representatives of the European Commission of the [Joint Communication](#) "Tackling COVID-19 disinformation - Getting the facts right" and the [report on controversial topics represented in media](#).

#### The MyAcademicID project comes to an end.

After two years of very intense cooperation among consortium partners, National Research and Education Networks and the European Commission, the MyAcademicID project has come to an end on December 31st, 2020. The

closing conference, attended by over 350 participants, allowed us to demonstrate how the [European Student Identifier is and will be implemented](#) by the community and how the existing authentication and identification networks/frameworks of eduGAIN and eIDAS have been brought together. The project results are now becoming part of the larger European Digital Student Service Infrastructure project, for which first news will be released soon! [Read more](#)

#### Teaching mobility: training for academic staff.

The Teach with Erasmus+ (TWE+) project introduces a brand-new training to support academic staff in *Enhancing the teaching mobility experience*. The programme is divided into four consecutive online modules, discussing quality

and design aspects of teaching mobility and providing practical support on how to make the most of this opportunity. The training programme is based on the TWE+ project's research results on the characteristics of teaching mobility and uses the [Quality & Impact Tool for Teaching Mobility Assessment](#) developed in the project as a core content. It aims to raise awareness of the deliverables of the project and to provide a better understanding of the possibilities that teaching mobility can offer to academic staff. [Read more](#)

#### Bologna Hub Peer Support project.

The project Bologna Hub Peer Support, funded by the Erasmus+ Programme and the Federal Ministry of Education and Research (Germany), aims at fostering the implementation of the Bologna key commitments at higher education institutions (HEI) throughout the European Higher Education Area (EHEA). During two on-site or digital visits, Bologna-experts will provide tailor made counselling to participating institutions. Interested HEIs from the entire EHEA are invited to apply for participation until March. [Read more](#)
