The selected evaluator will be responsible for producing:

1. **An Interim Evaluation Report** (Summer 2025)– To be delivered by the project's mid-term, providing insights into quality indicators, project's progress, initial outcomes and areas for improvement covering M1-18-March 2024 and August 2025.
2. **A Final Evaluation Report** (Winter 2027)– To be delivered towards the end of the project, summarising key findings, assessing the project's impact, and offering recommendations for future initiatives.

Other Responsibilities

- Assess the quality of indicators and deliverables.
- Mediation if needed among project partners.
- Ad hoc meetings with partners.
- Participate in the final project conference and in one visit or training activity (to be determined).

Requirements and Qualifications

- Proven experience in evaluating Erasmus+ KA2 or similar projects.
- Expertise in education, learning mobility, and inclusion policies at the EU level.
- Excellent skills in data collection, analysis, and reporting.
- Strong communication and report-writing skills in English.
- Ability to work independently and meet deadlines.

Budget

The budget for this external evaluation is €7,500, including VAT.

This covers the production costs of both the interim and final evaluation reports and the costs associated with participating in the study/training visit + final conference.

Application Process

Interested candidates should submit the following documents:
